

## Bogards & Fergusons Running In New Jersey Marathon Half-Marathon Relay

Last month we shared that on May 6<sup>th</sup>, 12,000 people will be lining up to run the New Jersey Marathon. We purposefully wanted for you to receive this letter a week or two before the Run to help build excitement about how you can help make a **HUGE** difference for the children of Aslan. Please read on and find out how writing a check TODAY will put Aslan miles ahead in the future!

Although we used to spend a good deal of time jogging and staying in shape, Lynn Ann and I have had a difficult time doing that in recent years. So it is no small undertaking for the two of us to try and get in good enough shape to walk and jog 6.5 miles each! And what's wonderful is Aslan staffer Queenie Ferguson and her husband, James, will be running in the

Half Marathon Relay with us!

This is one of only two campaigns we'll be doing this year to try and boost Aslan's bottom line. So it is vital that you understand just how important this particular event is to us. Last year we raised \$18,000.00 through the Marathon. This year our goal is \$37,000.00, a thousand dollars for every year Aslan has been in existence. Yes, it's a big goal we're shooting for.

A couple of little world  
changers that we're  
running for

# They will run and not get tired, They will walk and not grow weak

Isaiah 40:31 NIRV

But if 20 percent of you on our mailing list were to respond with a gift of \$75.00 we would reach the goal!

Think about the potential of what we're saying here. If only 1 in 5 people who receive this letter respond with a gift of \$75.00, Aslan will have \$37,000.00 to serve these little ones whose hearts we minister to day in and day out throughout the year!

Whatever you do, please do something! Don't set this letter aside thinking you'll pick it up later and respond. Write a check now.

If you can send \$75.00, send it. If you can send more, please send more. If less, please send whatever you can. In our next update we'll let you know how the race went and how much money we raised along the way.

As always, we offer our deepest and most heartfelt thanks to all of you who make the work of Aslan possible through your giving and through your prayers!

Until next time!

Craig

P.S. Pictured middle are young men and women participating in Aslan's 2011 L' Acajou 5K Race Celebration in Haiti. The ground was a mix of uneven hard pack and soft sand, and it was so hot some runners suffered mild heat stroke.
